2021 ANNUAL REPORT

WHO WE ARE

History of the Foundation

The National Pharmaceutical Association Foundation (NPhAF) was founded in 2000 at the 53rd annual conference of the National Pharmaceutical Association held in Baltimore, Maryland.

Mission

The Mission of the National Pharmaceutical Association Foundation is to support the activities of the National Pharmaceutical Association, including education programs, research projects, and innovative pharmacy practices. Furthermore, the National Pharmaceutical Association Foundation provides scholarships to minority and underserved students that are members of the Student National Pharmaceutical Association.

Vision

The Vision of the National Pharmaceutical Association Foundation is to provide leadership to NPhA and its affiliated organizations, to create change, to advance the profession, and to seek funds aggressively in support of education opportunities, practice innovations, and research projects in disease states that disproportionately affect minority and disadvantaged patients.

WHO WE ARE

Values of the Foundation

1. Integrity

Model and support behaviors that promote ethics, public trust, and the image of the profession of pharmacy.

2. Collaboration

Partner with other organizations and professions to provide quality healthcare to underserved populations.

3. Innovation

Develop and utilize new technology to support growth strategies for the profession and practice of pharmacy.

4. Leadership

Serve as role models for present and future generations of pharmacists.

5. Financial Mastery

Develop financial strategies for growth to support the Foundation's mission and goals.

LETTER FROM THE CHAIRMAN

The National Pharmaceutical Association Foundation is aggressively following its strategic plan and seeking funds from corporate and individual donors. We are further partnering with NPhA to provide quality healthcare for the underserved populations. To this end we are continuing to write and record the history of the Foundation.

As you read this annual report, it will become clear from the summary of our accomplishments that the Foundation is adhering to its motto; "Building on Excellence." We appreciate the greathearted support from our trustee members, legacy donors, corporate donors, endowed scholarship donors, and individual donors for all they have done over the years. We welcome 2022 with a continued vision. With your prayers and continued support, we will again be successful in the upcoming year.

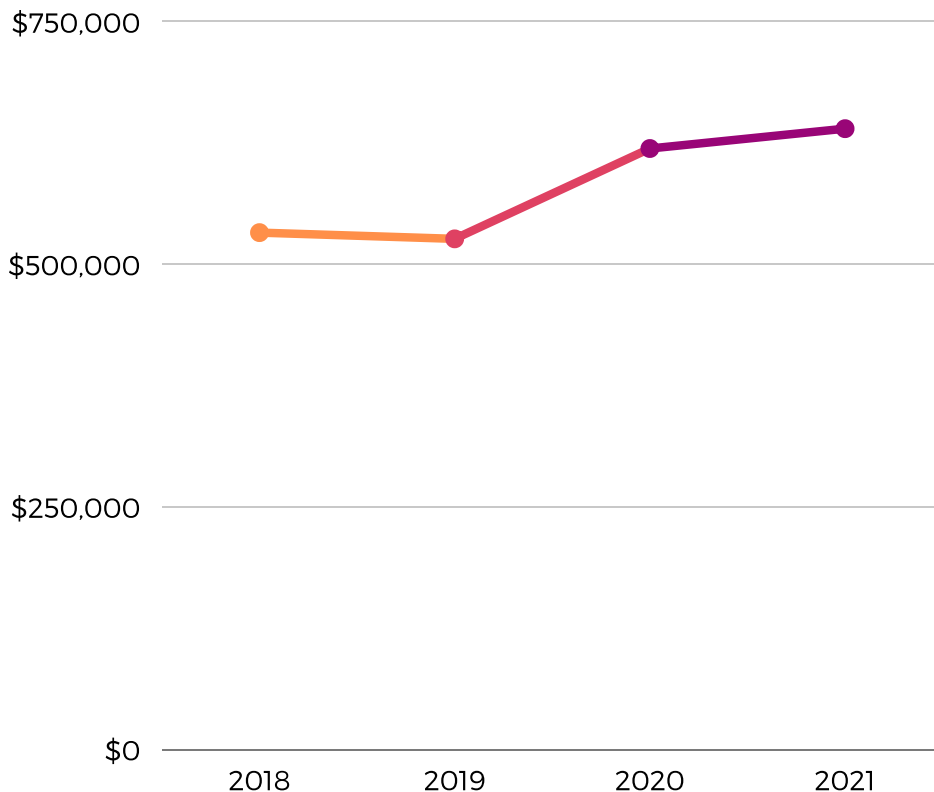

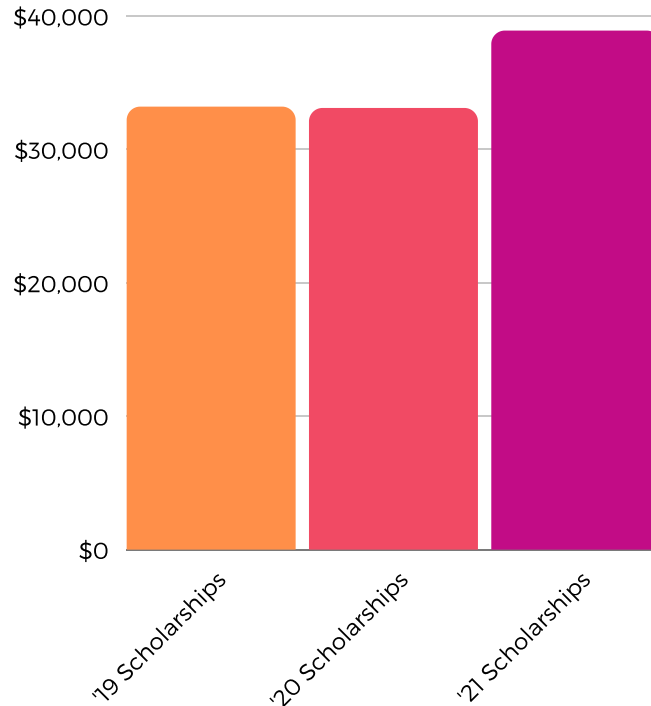

Respectfully,

Terrence Burroughs, MBA, CMTM, RPh, FNPhA

Chairman of the Board

FOUNDATION SCHOLARSHIP AWARDS

The NPhA Foundation has averaged \$35,016 in awarded scholarships in the last 3 years, including awarding a record \$38,850 in 2021. The monetary awards come from 22 endowed scholarships and book awards ranging from \$200-\$1000 dollars. The endowed scholarships are a mix of individual and corporate donors, with the Rite-Aid corporation (a Legacy donor) endowing the 1st ever foundation scholarship, and AmerisourceBergen Foundation endowing the most recent scholarship in 2021.

The NPhA Foundation Endowment currently stands at \$639,606 as of December 1st, 2021. This figure is post-scholarship awards. The endowment is managed by Truist Trust Services and has an allocation of 35% equities and 65% fixed-income instruments. This allocation is reviewed on a regular basis by the Board of Trustees.

DONOR RECOGNITION

The Foundation currently has 22 endowed scholarships. From January 1, 2021, through December 1, 2021, corporations and individuals contributed to the Foundation. Although all donors are thanked individually for their gifts, the Foundation's various recognition programs are designed to also acknowledge donor generosity at many levels.
